ALTAIR - global leader in Data Analytics-Simulations-HPC

Altair Software Simulation solution

- HYPERWORKS Suite -

- FEA (Optistruct + Optimization)
- FEA explicit (Radioss)
- Meshless FEA (SimSolid)
- Meshing (Hypermesh, Simlab)
- Design (Inspire, Evolve)
- Mult-Body (MotionSolve)
- EMAG Low freq (Flux)
- EMAG High freq (Feko, newFasant)
- Radio-planning (Winprop)
- Model Based (Activate/Compose)
- CFD (Acusolve, uFx, nFx)
- Bulk Material with EDEM
- Manufacturing (Mold,Cast,Xtrude,Form,3Dprint (Inspire)
- Composites (MSD, Esacomp)
- PBSWorks (HPC load mgmt)
- Material databases (Mbase)
- EDA (various)
- .

Altair CAE Services Solutions

- Full CAE range projects
- All Industries: Auto, Aero, Machinery, Medical, Consumer, Electronics, Lightweight etc.
- Customization
- Engineering, Optimization, Impact, Crash
- Full EMAG spectrum low/high Frequency

Altair HPC solutions

- PBS-Works:** complete HPC management suite for Hyperworks and all other Simulation Software
- Hyperworks Unlimited Cloud:** easy to use cloud extension, incl Hyperworks, quick access
- Hyperworks Unlimited Physical Appliance:** Complete HPC hardware to your needs + Hyperworks + other 3rd party software, incl all maintenance
