

Precision Dispensing Systems & Equipment

Nordson ASYMTEK

With over 35 years of experience, Nordson ASYMTEK is a world leader in precision fluid dispensing, conformal coating, and jetting technologies. We design and manufacture dispensing and coating systems, supported by our award-winning global applications and service network and worldwide application laboratories, where the systems are tailored to the process needs of our customers.

The European Headquarter of Nordson ASYMTEK is in Deurne, the Netherlands.

We design and manufacture a full line of equipment for:

- PCB and SMT assembly
- Semiconductor packaging
- 3D and wafer-level packaging
- Camera module assembly
- Case and packaging assembly
- LED assembly
- And other precision manufacturing.

Here's what you can expect:

Highly reliable solutions with industry-leading capabilities, pre-sales application expertise, on-site implementation & training, post-sales service and support.

Nordson EFD is the leading manufacturer of precision fluid dispensing systems with 45 years of experience in development, production and sales. EFD has built a solid reputation with global coverage and technical support. Our dispensers, dispense valves, automated dispensing systems, syringe barrels, and precision dispense tips are trusted for applying controlled amounts of adhesives, sealants, oils, and other high-performance assembly fluids. EFD also offers a complete line of quality ISO 9001 certified solder paste for printing and dispensing.

Industries

EFD engineered fluid control systems increase productivity for nearly every industrial manufacturing process, for example:

- **Automotive:** Body Panels • Control Switches • Engine Components • Sensors, Relays • Windshields.
- **Life sciences:** Hearing Aids • Defibrillators • Diagnostic Equipment • Pacemakers.
- **Electronics:** Capacitors • Electronic Chips • Fiber Optics • LEDs • Membrane Switches • PC Board Assemblies • SMT Circuit Boards.
- **Food Manufacturing and Packaging:** Filling Perfume Bottles • Lubricating Can Stock, Can Ends, and Pull Tabs • Lubricating Foil Slitters.

Sales office, warehouse and test facilities.

EFD has its own sales office and warehouse located in Maastricht. From here we can offer direct support and service to our customers in Belgium, the Netherlands and Luxembourg. Also we carry out tests at our own application laboratory.
