

We pioneer motion

The Schaeffler Group - We pioneer motion

As a leading global supplier to the automotive and industrial sectors, the Schaeffler Group has been driving forward groundbreaking inventions and developments in the fields of motion and mobility for over 70 years.

With innovative technologies, products, and services for CO₂-efficient drives, electric mobility, Industry 4.0, digitalization, and renewable energies, the company is a reliable partner for making motion and mobility more efficient, intelligent, and sustainable. The technology company manufactures high-precision components and systems for drive train and chassis applications as well as rolling and plain bearing solutions for a large number of industrial applications.

The Schaeffler Group generated sales of approximately EUR 14.4 billion in 2019. With around 84,200 employees, Schaeffler is one of the world's largest family companies.

With almost 2,400 patent applications in 2019, Schaeffler is Germany's second most innovative company according to the DPMA (German Patent and Trademark Office).

Quick Center Barneveld

In our QC in Barneveld linear components are being processed according to customised specifications and linear systems are being built, completed with motion and control.
