

TMC is an international consultancy company that links tech talent to highly ambitious companies. With offices in the Netherlands, Belgium, France, Spain, Italy, Sweden, Dubai and North America our engineers provide knowledge and expertise all over the world.

Our unparalleled Employeurship model offers engineers from all backgrounds the comforts of employment and the opportunities of entrepreneurship. This makes for a challenging, stimulating environment that you are welcome to explore.

Our Employeurs can only give their all at their jobs, if our staff at TMC's offices give theirs. We take special pride in the way we look after our engineers, our esteemed partners and the opportunities we create together.

**EMPLOYEURSHIP**

Our unique model, Employeurship, is based on 5 principles:

- Long-term working relationship
- Individual profit sharing
- Specialized business cells focused on high-tech niche competences
- The YOUrney: a one of a kind personal development program
- The Entrepreneurial Lab: room to develop innovative ideas.

**YOU NEED THE BEST PEOPLE**

We will arrange it. The long-term and strong relationships with our customers often begin by a need for capacity: a flexible solution for an urgent problem. Of course, we offer that. But rather we are at your side with our knowledge, our rich network and undivided attention. An urgent question is the beginning of a dialogue on the importance of flexibility in your long-term strategy.

**PEOPLE DRIVE TECHNOLOGY**
